## ABOUT

Passionate about creating unique spaces and objects that take into account today's challenges. I am fully **trilingual** in **French, Spanish, and English**.

Forever seeking new adventures, I am **looking for a Junior position** starting September 2023.

## WORK EXPERIENCE

### Creative Assistant - 2022 (6 months)

Programme Manufacto, Hermès Foundation, Toulon

- Assisted the art carpenter and cabinetmaker Pierre Sabatier
- Coached 8th graders for the realization of a shelf designed by Studio BrichetZiegler
- Facilitated the use of various tools by children
- Transmitted knowledge of what design is and how creative careers can be fulfilling

### Interior Design Intern - 2021 (4 months)

Wilson Associates /// Atelier Tristan Auer, Paris

- Created detailed sections and elevations, and conducted an FF&E search for a Swiss luxury hotel project. Also composed different material boards for a client meeting
- Revised electrical plans of a construction in London
- Conceptualized and presented 4-floor plan arrangements for a luxury apartment in China
- Collaborated on the production of visuals for the creation of a textile collection in collaboration with Lelièvre Paris
- Assisted in other tasks regarding other luxury residential and hospitality projects in Kuwait, Spain, China, France...

### Architecture Intern - 2018 (2 months)

Olin Infraestructura S.A de C.V, Mexico City

- Participated in the creative process of the remodel of an apartment where I conducted the measurement statement and FF&E search, created plans, sections, and a 3D model
- Designed and developed a concept for two different office projects
- Established the initial plans of a country club housing remodeling project in Tepoztlán
- Developed the presentation boards for client meetings that I took part in
- Focused on building techniques and visited the construction site of the new airport designed by Norman Foster

### Construction Intern - 2017 (1 month)

Magellan Concrete Structures Corp., New York City

- Assisted the VP of operations
- Supervised various construction sites ranging from small residential buildings to a twenty-one-story building
- Purchased and ordered materials
- Attended site and client meetings
